Subject: Deadline extended - Update your organization's information

As a reminder, Ontario Soccer and SportsEngine are continuing their work to transition to a new Member Management system replacing when ready, the current A.I.M.S. platform.

Thank you for the overwhelming response from our Districts, Clubs and Academies that have completed their information for provisioning and to all those who reached out for discussion and support.

Ontario Soccer is requesting that all remaining Districts, Clubs and Academies provide the most up to date organizational information.

Please take a few minutes to complete the [Ontario Soccer Organization Provisioning](#) form and enter your most current organizational information.

Ontario Soccer has extended the deadline to update your information until **November 14, 2017**.

This information will be used to ensure the most current information is on file and provisioning of each organization on our new system can be completed.

Provisioning provides the details for entry to the SportsEngine platform with Ontario Soccer.

This step must be completed for access to the system being developed by SportsEngine for Ontario Soccer. Please note this is a provisional step and NOT the official release of the new platform. When Ontario Soccer is ready for the official release, membership at all levels will be advised with advanced notice.

If you have any further questions, please contact [Lyn Wallington](#).
